

FAITH^{THAT} WORKS

Open

This week we continue with our sermon series "Faith that Works" as we journey through the Book of James. In James Chapter 5:7-20 we are shown how God uses patient suffering to transform a believer and strengthen our faith.

Craig Clendinen, missionary with Wycliffe Bible Translators, and now serving in some of the most unreached people groups in Asia, will link how these verses relate to the work of Wycliffe throughout the world.

Read

James 5:7-20, Matthew 16:24, Romans 8:26-27

Discuss

- Why do we struggle to trust God in suffering?
- What can we do to deepen our trust in the midst of suffering?

- Why is it so important to see hope imbedded within our circumstances?

- (Read James 5:13-16) If earnest and righteous prayer is the fuel for perseverance during suffering, what are some of obstacles we often face in prayer.
- What are some indicators that we have begun to grow in this area?

- (Read Matt 16:24) Why do we often think that God saved us in order to prevent suffering??

- Our salvation has been purchased by Christ on the cross, but discipleship carries a cost with it. What cost do you think God may be calling you to pay to be more like Christ.

Pray/Meditate

1 Tim 1:16-17

"But I received mercy for this reason, that in me, as the foremost, Jesus Christ might display his perfect patience as an example to those who were to believe in him for eternal life. To the King of the ages, immortal, invisible, the only God, be honor and glory forever and ever. Amen."
